

## Tovah Flygare

Tovah has been on the co-op's Board of Directors for two years. Many changes have taken place, both within our co-op and in the national grocery and delivery scene in this short time. Tovah is interested in running to be on the board to offer continuity to the board as we look to weather the national grocery "seas of change".

**What strengths or talents do you feel you have that would be assets to the board?**

I have put my 'wonkish' background as well as my creative background to work for the co-op and look forward to continuing to help our co-op meet the needs of our members while adapting to our changing grocery environment.

**Have you ever served on a board before? If so, what type of board, and how would you describe your experience?**

'Step-up' an international micro-lending non-profit; National Lawyers Guild MN (where I learned I do not enjoy being a secretary).

**What role do you see the Co-op playing in the community over the next 5 years?**

I see the cooperative having an increasing role as a community hub and partner and I hope to get input from other members on this question as the members make the cooperative!

**When asked what motivated Tovah to run, her reply was...**

Love for our co-op, for fresh local food, for community health. I am also interested in the chance to increase member voice in the co-op's long-term vision.
